

TripStrip®

SENSITECH

When used with TempTale®4 monitors, the TripStrip® Remote Printer provides immediate access to time-temperature information without using a computer, software, or reader. The TripStrip supplies you with detailed shipment information, enabling quick, on-the-spot, accept/reject decisions without additional equipment.

With its integrated thermal printer and liquid crystal display (LCD), the TripStrip offers two methods to view your time-temperature graphs and trip summary statistic; a printed record and an on-screen display. The universal AC/DC power input and rechargeable battery ensures reliable operation where you need it: in the office, on the dock, or in the cab.

Features and Benefits

- Downloads all TempTale4 monitors (except TempTale4 USB).
- Prints time-temperature graph(s) and trip summary information.
- Integrated LCD displays time-temperature graphs and statistics.
- AC/DC powered with rechargeable battery.
- Thermal printer for reliable operation without consumable ink or toner cartridges.
- Easy-to-use, menu-driven set-up.
- Simple, one-button operation.
- Desktop and portable operation.

Product Specifications

Power	100-240 V AC, 50/60Hz; 12-24 V DC
Operating/Storage	0-45°C, 0-99% RH non-condensing environment
Paper	58 mm thermal paper
Size	270mm x 135mm x 110mm (10.6" L x 5.31" W x 4.33" H)
Printer	Thermal, 200 dpi resolution
Weight	1.1 kg; 2.4 lbs

Sensitech Inc. is a leading provider of supply and cold chain visibility solutions that enable our customers – global leaders in the food, life sciences, and industrial markets – to track, monitor and protect the quality and integrity of their temperature-sensitive products across complex supply chains. Through its logistics security division, FreightWatch International, Sensitech also offers origin-to-destination services that provide customers with real-time cargo transparency, helping them to mitigate such risks as theft, diversion, counterfeiting, and chain of custody. Sensitech Inc. is an ISO 9001:2008 company based in Beverly, Mass., with more than 30 sales, service and distribution locations around the world. Sensitech is a part of UTC Climate, Controls & Security, a unit of United Technologies Corp., a leading provider to the aerospace and building systems industries worldwide.
